They say lightning doesn't strike twice—but at Karanja Njenga Advocates, winning apparently does.

Hot off the heels of last year's LSK Sports Day triumph, our football team has once again made us proud, clinching second place at the The Young Bar Association Fest 2025.

It wasn't just a match; it was a masterclass in resilience and spirit.

Another year, another trophy, and a firm reminder: we're not just advocates, we're champions in motion.
